

Journey Overview

18 – 25 September 2026

7 nights | South-east Sicily

Catania to Siracusa

A small-group experience for travellers seeking depth, connection, and a genuine sense of place.

We stay in carefully selected, **locally run accommodation** of a high comfort standard, remaining based in **one place each night** - allowing guests to feel settled and unhurried, and to make the most of each day without the disruption of constant packing or hotel changes.

Every day is shaped by local connections, insider moments, and the rhythms of Sicilian life.

With **food as our guide**, days move through **vineyards, markets, kitchens, landscapes, and shared tables**, shaped by Sicily's history, geography, and natural rhythms. The experience is immersive and personal, revealing the island through lived moments rather than spectacle.
